COURSE ON SEASONAL FLORICULTURE (SF)

(OFFLINE MODE)

COURSE COORDINATOR:

SWAMI SHRINAMANANDA

COURSE NAME:
SEASONAL FLORICULTURE (SF)

COURSE CODE: SF/06/2024-25

Course Description:

Certificate course on Plantation & Floriculture will give pupil teachers a basic understanding and knowledge of the plantation as well as Floriculture includes the cultivation of flowers and ornamental plants that can be used as raw materials in the perfumery and pharmaceutical industries. India is home to many high value plantation crops and is a major contributor to the world's total production.

Career opportunities in floriculture are also increasing due to increase of domestic demand for flowers.

Nowadays the demand for flowers like rose, gerbera, carnation, gladiolus, orchid, and lily is increasing day by day. Globalization and increased competition have brought new challenges as well as opportunities to all. Ramakrishna Mission Sikshanamandira maintains a very rich and diverse built-up green area within its campus boundaries. Our total land is 1.475 acres. Out of this, we used 13852.18 sq. feet to maintain greenery within our campus. A very rich nurturing garden has already been created within our institution. After Durga Puja Vacation, this garden is filled up with seasonal flowers.

The motto of this course is to promote the aesthetic value of the Seasonal Floriculture that is inculcated in Ramakrishna Mission Sikshanamandira. The aim of this course is extended to the fact that if some of these trainees will promote this culture in their home or workplaces then the course outcome will be fulfilled in near future. The goal of the class is to give the trainees the fundamental skills needed to continue their development in the advanced Plantation & Floriculture process. The modus operandi trainees will learn through this course of studies by hand on experiences will ensure them to enrich their capabilities on Plantation & Floriculture process besides their academic career.
