SHRI RATHIN KURI
(+919433317168)**

**Course Name:
Preparation of collage and
Clay Model (PCCM)**

Course Code PCCM/04/2024-25

Collage and clay models are art forms that require technical skills, artistic vision and an understanding of anatomy, allowing the artist to bring their ideas and imagination to life through shaping, cutting and moulding materials such as clay, wax, stone, metal, or wood, resulting in a realistic representation of their vision that considers both positive form and negative space to create a visual balance and imagination.

In Ramakrishna Mission Sikshanamandira there is an utmost probation of giving the students maximum hands-on experiences so that they can develop their innate power in some progressive works. The basic goal of these classes is to give the trainees the fundamental skills needed to continue their development in collage and clay Modelling. After completion of this course, skills of trainees in Sketching of all the sides of objects, Understanding of 3dforms and Figure Drawing, Animal Study, Portrait study becomes developed.

Trainees' ability in order to Preparation of clay, Handling of clay, Use of different tools in clay modelling and Study of different texture in clay modelling becomes developed. This course of studies is not only important for its artisan value but also important for its creative learning purposes. After successful completion of this course students will participate with their creative works in Teacher's Day Celebration and Puja Social of Ramakrishna Mission Sikshanamandira.
