Objectives of the induction programme:

3. To introduce the students with the ethos of Ramakrishna Mission and Ramakrishna Math.
4. To introduce the students with the history and institutional ethos of Ramakrishna Mission Sikshanamandira.
5. To introduce the students with the vows of Vidyarthi.

Short description of the induction programme:

It is immensely important for us to acquaint with the Course, curriculum, mode of curricular transaction, the Institution and the lofty philosophy of Sri Ramakrishna, Holy Mother Sri Sarada Devi and Swami Vivekananda to the Students who join at Ramakrishna Mission Sikshanamandira. For this purpose, Sikshanamandira has devised a well developed system in course of time. At the beginning of each academic session, at least 5 days are allotted in the Timetable to introduce the programme and curriculum. All the faculty members take part in this induction programme. However, when New students take admission in a programme, apart from this three-day classroom orientation programme, we have a very elaborate mechanism to orient the students.

Due to over spreading of COVID 19 pandemic the student induction programme was held both online and offline this year. At the beginning of the session an online student induction programme was held on GoogleMeet platform on 6 September, 2021. The newly admitted students were welcomed by the principal, Swami Divyaganananda Maharaj, at the beginning of the program, and followed by introduction of staff members and the self-introduction of the students. He also gave information about institutional philosophy of College. Then Swami Vidyamritananda, Vice Principal, Ramakrishna Mission Sikshanamandira, Belur Math conducted a session on the vision and missions of the Ramakrishna Math and Ramakrishna Mission.

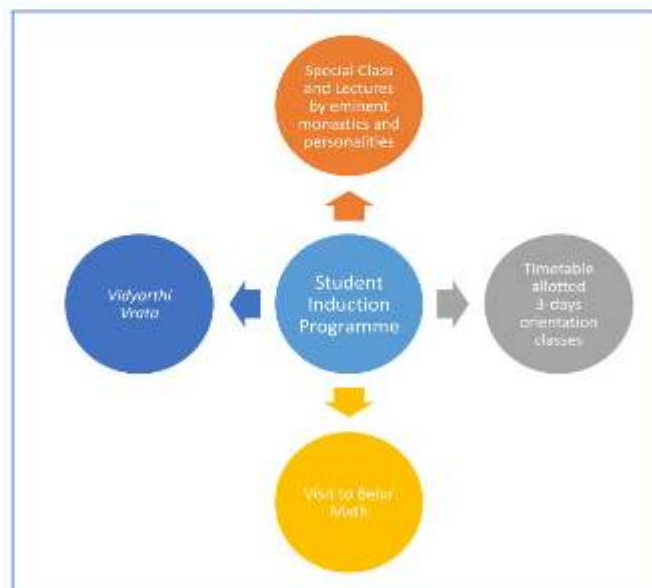

On day-2 (07/09/2021), Dr. Pradip Sarakar, an assistant professor at the Ramakrishna Mission Sikshanamandira, Belur Math, attended classes to discuss the programme learning outcomes of B.Ed. as well as the various courses offered and the course learning outcomes related to them.

As the institution is in close proximity to the Belur Math, the worldwide Headquarters of Ramakrishna Math and Ramakrishna Mission, Hostel Superintendent Br. Girisachaitanya, Honorary Monastic, Ramakrishna Mission Sikshanamandira, Belur Math, took all the B.Ed. students to the Belur Math and visited the areas of importance in the Math including the Ramakrishna Museum on 08/09/2021 to 10/09/2021.

On 11 September 2021, Swami Divyananda, the secretary of the Ramakrishna Mission Saradapith, Belur Math, was invited to keep the invocation address.

In this year both the previous year students and fresher students also ceremonially took 5 vows in *Vidyarthi Vrata* celebration on 11/12/2021 - a ceremony that is practised in almost all the educational institutions run by Ramakrishna Mission. As these vow mantras are written in sanskrit, before the *Vidyarthi Vrata* celebration, the Vice Principal Maharaj Swami Vidyamritananda took special classes to teach the chanting of mantras and explain the meaning as well.

Outcomes of the induction programme:

1. Students came to know the programme Learning Outcomes (PLOs) of the B.Ed. curriculum and Course Learning Outcomes (CLOs) of different courses.
2. Students were informed about the different aspects of the Institution.
3. Students were intimated about the educational ideas of Swami Vivekananda that gives impetus behind the establishment and functioning of Sikshanamandira.
4. Students were acquainted with the Belur Math campus. Here in this composite educational hub, there are many other institutions of Ramakrishna Mission that offer different course programmes to the students. The newly admitted students were informed about the same.
