Suggestions :

- I guided Tarapada Kumbhakar for **Self-Study programme** (I gave some suggestions from the previous year Questions / Solve the Questions)
- I gave extra classes to on career-counselling. This could help all the students of our institution to brief out which part he is interested in. (I suggested them various options). I also guided them rather told them the application process.
- I prepared them for competitive examinations. These exams are very tricky and the students should be prepared before hand.
- I encouraged them to do acting and Anchoring. Both of these works boost up the confidence of the students, thus it is very important to make them practise these kinds of work which could help them in their careers too.
