Our trainee-teachers are always encouraged to learn using ICT support. For this, we enrol every student of B.Ed. and M.Ed. programs on our institutional moodle. Besides, They are also encouraged to use the institutional learning management system which is available on our college website. For having access to the learning resources on moodle, we give unique login username and password to our trainee-teachers. After using the login-id and password, students can access any uploaded material on moodle and can learn at his own pace. Our professors also upload their powerpoints, learning sites on the LMS and moodle. They also encourage our students to use those learning resources from moodle. In the moodle, learning resources are arranged course wise and program wise. For this, students can have ease of access to utilise the uploaded documents. Below documentary evidence is given to support this claim.
