2.7.3: The progressive performance of students and attainment of professional and personal attributes in line with the PLOs and CLOs is monitored and used for further improvements

Documentary evidence showing the performance of students on various internal assessment tasks and the LOs achieved.

Swami Vidyamritananda Principal (Offg.) Ramakrishna Mission Sikshanamandira Belur Math, Howrah-711202, W.B.

(A NCTE recognized Govt. Aided (WB) Autonomous Post-Graduate College under University of Calcutta)

Belur Math, Howrah - 711 202, West Bengal

B.Ed.: Bachelor of Education

Program Learning Outcome:

After completion of the Bachelor of Education (B.Ed.) course the students will -

- 1. Learn the educational philosophy Swami Vivekananda in depth and they will be able to implement that learning in their teaching profession.
- 2. Gain the ability to incorporate all the major teaching skills up to the micro level in their classroom teaching.
- 3. **B**e able to adopt the necessary and relevant methods and strategies of teaching as per the classroom situation demands.
- 4. **B**e able to develop Learning Designs (LDs) according to the needs of their students.
- 5. **B**e able to prepare the Teaching Learning Materials (TLMs) meaningfully and integrate the TLMs in the classroom teaching effectively.
- 6. Attain the ability to use ICT components to deliver the contents more effectively.
- 7. **B**e prepared to take care of the mental health of the students.
- 8. Possess the mental acuity to identify a problem associated with academic activities of the school and find out a solution of that problem through research activities.
- 9. **B**e able to manage the classroom for a better teaching-learning process.
- 10. Be able to encourage students for their better health and fitness through Yoga.
- 11. Have a sense of aesthetic appreciation and can encourage their students to appreciate the sense of beauty, aesthetics in their school and daily life activities.
- 12. **B**e able to nurture the creativity of the students and show their students the path to express this creativity in literary skills and visual and performing arts.
- 13. **B**e sensitive to respond to the varied needs of the changing society in the educational scenario.
- 14. **B**e able to provide proper guidance to the students both in the academic and vocational areas.

B.Ed. Programme 2020 - 2022

Score	Outcome
90 and above	Very High Attainment
80 to 90	High Attainment
70 to 80	Good Attainment
60 to 70	Satisfactory Attainment
Below 60	Moderate Attainment

(A NCTE recognized Govt. Aided (WB) Autonomous Post-Graduate College under University of Calcutta)

Semester I

Course student 1. 2. 3.	FOUNDATION OF EDUCATION & EDUCATION IN THE LIGHT OF VIVEKANANDA Learning Outcomes: After completion of the course the s will be able to - Understand the meaning of education and its different facts. Comprehend the place of philosophy in education.	78.32	Good Attainment
Course student 1. 2. 3.	Learning Outcomes: After completion of the course the s will be able to - Understand the meaning of education and its different facts. Comprehend the place of philosophy in education.		Attainment
student 1. 2. 3.	s will be able to - Understand the meaning of education and its different facts. Comprehend the place of philosophy in education.		
student 1. 2. 3.	s will be able to - Understand the meaning of education and its different facts. Comprehend the place of philosophy in education.		
2. 3.	Comprehend the place of philosophy in education.		
2. 3.	Comprehend the place of philosophy in education.		
3.			
	Analyse education as a social responsibility.		
4.	Describe the meaning and implications of the curriculum.		
	The trainees will become conversant with Vivekananda's life		
	and his unique contribution to educational through and practice,		
	in the context of the present age.		
6.	They will analytically grasp the essential components of		
	Vivekananda's educational thought.		
	They will be acquainted with Swami Vivekananda's thoughts		
	on issues of contemporary to Indian education.		
	They will be able to situate Swami Vivekananda's educational		
	ideas within the spectrum of recent Indian educational thinking		
	through a comparative study with other prominent Indian		
	Educators.		
CC 112	2: DEVELOPMENTAL PSYCHOLOGY	82.21	High
			Attainment
	Learning Outcomes: After completion of the course the		
	s will be able to -		
	Understand the theoretical bases of learning from different		
	perspectives.		
	Understand the process of Human Development.		
1	Understand the learner's differences.		
	Develop the perception about the learning process.		
	Get a basic idea of Attention, attitude, and Interest and their		
	classroom implication.		
	Get motivational aspects of development from a theoretical		
	background. Acquainted with theoretical development of intelligence and		
	intelligence tests.		
	Find mechanisms to identify and nurture creative children.		
	3: PSYCHOLOGY OF TEACHING & INSTRUCTIONAL	79.16	Good
	NOLOGY	79.10	Attainment
	Learning Outcomes: After completion of the course the		Attairment
	s will be able to -		
1	Understand the process of teaching		
	Understand and efficiently use different models of teaching		
	Theories of teaching,		
	Engage in teaching with proper approach.		
	Develop skills required for teaching.		
	Understand the theoretical bases of Instruction.		
	Develop your own perception about Approaches to Instruction.		
6.	Understand bases of Instructional Designs.		

(A NCTE recognized Govt. Aided (WB) Autonomous Post-Graduate College under University of Calcutta)

Course	Score	Outcome
8. Develop understanding about Classroom Management with		
skills of teaching.		
CC 114: YOGA & HEALTH EDUCATION-1	82.58	High
		Attainment
Course Learning Outcomes: After completion of the course the		
students will be able to -		
1. Relate why Yoga education is significant in one's life.		
2. Concept of eight limbs of Patanjali Yoga.		
3. Aware of guidelines of yogic practices.		
4. Know the health principles through the medium of Yoga.		
5. Know about fitness with reference to yogic practices.		
6. How to manage psychological problems in school children and		
other people.		
7. Explain the meaning and dimensions of an integrated		
personality.		
8. Explain how the practice of yoga can help you develop an		
integrated personality.		
9. Discuss the concept of stress in terms of its causes, symptoms		
and consequences.		
10. Relate the role or contribution of yoga practices in coping with		
stress.		
11. Elucidate the concept if self-development and the role of human		
values		
CC 115: VISUAL & PERFORMING ARTS IN EDUCATION-1	79.79	Good
		Attainment
Course Learning Outcomes: After completion of the course the		
students will be able to -		
1. Understand the use of 'Drama' as Pedagogy.		
2. Use 'Role play' technique in the teaching learning process.		
•		
l		
±		
6. Use the art of drawing and painting in the teaching learning		
process.		
PSYCHOLOGY PRACTICAL (EPC-1)	84.00	High
		Attainment
•	90.53	Very High
PROJECT ON SCHOOL CURRICULUM OF DIFFERENT		1
PROJECT ON SCHOOL CURRICULUM OF DIFFERENT BOARDS		Attainment
	73.39	Attainment Good
 Understand the importance of dramatic ways of presentation. Integrate singing method in teaching learning process. Understand various 'Dance forms' and their integration in educational practices. Use the art of drawing and painting in the teaching learning process. Develop creativity through different creative art forms. Understand the efficacy of different art forms in education. PSYCHOLOGY PRACTICAL (EPC-1)	84.00 90.53	Very High

Semester III

Course		Score	Outcome
CC 131: EVALUATION & MANAGEMENT IN EDUCATION		82.58	High
			Attainment
	rse Learning Outcomes: After completion of the course the students		
	be able to -		
	1. Get basic knowledge of assessment for learning.		
	2. Know the process of evaluation and its uses.		
	3. Write educational objectives.		
	4. Know different techniques of evaluation, tools of evaluation and their uses.		
	5. Know different characteristics of instruments of evaluation.		
	6. Know different types of teacher made tests and will construct them.		
	7. Compute simple statistics to assess the learning.		
	8. Understand the concept and significance of school in the modern Indian context.		
	9. Have a knowledge about various school services and its importance.		
	10. Develop concepts and skills in school administration.		
	11. Develop the understanding and ability of institutional planning.		
	12. Acquire knowledge about healthy practices in school.		
	132: GUIDANCE AND COUNSELLING & CURRICULUM	84.05	High
	JDIES		Attainment
Cor	rse Learning Outcomes: After completion of the course the students		
	be able to -		
	1. Develop an understanding of the concepts of guidance and		
	counselling.		
	2. Know about different areas of counselling.		
	3. Create awareness about the working of guidance organisations.		
	4. Know about the basic needs of guidance services.		
	5. Develop the knowledge about different fields of Guidance &		
	Counselling.		
	6. Know about the necessity of Career Guidance & Counselling.		
	7. Know about Mental Health & Hygiene.		
	8. Understand the concept, types, bases and determinants of the		
	curriculum.		
	9. Know different approaches of planning and designs of curriculum		
	development.		
	10. Apply the models of curriculum implementation;		
	11. Comprehend the process of curriculum evaluation.		
	12. Know about the contemporary trends in curriculum		
	implementation.		
CC	133: INTEGRATION OF ADVANCED TECHNOLOGY	84.21	High Attainment
Coi	rse Learning Outcomes: After completion of the course the students		
	be able to -		
	1. Understand the social, economic, security and ethical issues		
	associated with the use of ICT.		

(A NCTE recognized Govt. Aided (WB) Autonomous Post-Graduate College under University of Calcutta)

2. Identify the policy concerns for ICT.		
3. Describe a computer system.		
4. Operate the Windows.		
5. Use Word processing, Spreadsheets and Presentation software.		
6. Acquire the skill of maintaining the computer system and the skill		
of trouble shooting with the help of Anti-Virus and Other tools.		
7. Operate on the Internet with safety.		
8. Elucidate the application of ICT for Teaching Learning Pedagogy.		
9. Develop various skills to use computer technology for sharing the		
information and ideas through the Blogs and Chatting groups.		
CC 134: SCHOOL INTERNSHIP (PHASE I)	81.54	High
		Attainment
CC 135: LEARNERS' STUDY (EPC-4)	80.59	High
		Attainment
Course Learning Outcomes: After completion of the course the students		
will be able to -		
1. Learn about the various aspects of the learners.		
2. Student-teachers will learn about different aspects of scholastic		
and co scholastic areas of the learners.		
3. They will have a comprehensive picture about the all round		
development of the learners.		
CC 136: COMMUNICATIVE SKILL-2 (EPC2C)	80.42	High
		Attainment
Course Learning Outcomes: After completion of the course the students		
will be able to -		
1. The course aims to develop and enhance the linguistic,		
grammatical, strategic and communicative competence of the		
learners.		
2. The focus is on honing the skills of reading, writing, listening and		
2. The focus is on nothing the skins of feating, writing, instelling and		
speaking.
