## **POST GRADUATE DIPLOMA IN YOGA EDUCATION**

### **❖ Vision:**

The Post Graduate diploma aims to create a supportive and collaborative learning environment for students from diverse backgrounds and cultures to acquire knowledge, attitudes, and skills essential in the practice of yogic exercise. The course will also help the students to envision a future where schools are seedbeds of health and happiness. Where educators coach and embody lifelong well-being through dynamic teaching. And also all students learn life skills to cultivate mind-body fitness in tandem with academic success.

### **❖ Mission:**

This one-year regular course is designed to prepare education professionals for yoga education within the primary, secondary, higher and tertiary education sectors. Our mission is to empower all communities with yoga to cultivate health and wellness in adults to aged people. Through evidence-based Professional Institutes, Professional Development, and Educational Resources, Yoga Ed. equips educators with yoga tools to integrate yoga for children to age people into academic environments. The course provides participants with an opportunity to develop themselves or atman which is essential in the education process and also to undertake a particular practical project related to their own work. A wide variety of methodologies – lectures, seminars and workshops are used throughout with a selection of key guest speakers from the local and national context brainstorming on relevant areas of Yoga Education, and other relevant themes.

The course is designed particularly for Students of Post-graduate levels, Teachers, Instructors and Prospective Educational Leaders in the Indian Primary, Secondary and Higher Education sectors and other organizations working in this arena.

### **❖ Objectives of the Course:**

Post Graduate Diploma in Yoga education will enable the students to -

1. Have the knowledge to train and prepare deserving candidates in the exoteric aspects of Yoga.
2. Deal with the problems of integration of personality as a first step to preparing oneself for the higher esoteric practices.
3. Learn techniques for gaining good health, develop a discriminative mind capable of knowing the real from the unreal and face the dualities of life with equanimity.
4. Have the knowledge and achieve mental hygiene, and emotional stability, integrate moral values and attain a higher level of consciousness.

5. Be grounded fairly in the various academic aspects of the subject so that they may find themselves well equipped in these if they were to go out into the world after the course to undertake teaching work in Yoga.
6. Prepare the students physically and mentally for the integration of their physical, mental and spiritual faculties so that the students can become healthier, saner and more integrated members of society and of the nation.
7. Have a vision of career planning as a developmental process and to provide individual yoga education and skills training to facilitate decision-making and to work with developmental life transitions.
8. Indicate changes they can make to their diet.
9. Acknowledge the prevention of disease even in patients with severe health problems.
10. Have research and programme evaluation skills that include the development of research and programme evaluation questions, and the selection of appropriate methodologies for collecting and analyzing data.
